Motor Insurance: Third-party insurance cover is compulsory. A green card is not required but your insurer should be advised of your trip.

Documentation: Always carry your driving licence, vehicle registration document (V5), and certificate of motor insurance. If your licence does not incorporate a photograph ensure you carry your passport to validate the licence. If the vehicle is not registered in your name, carry a letter from the registered owner giving you permission to drive.

Seat belts: Compulsory for front/rear seat occupants to wear seat belts, if fitted. Children under 12 cannot travel in the front unless using a suitable restraint system

Fines: On the spot fines are issued for parking offences. Ensure an official receipt is issued by the officer collecting the fine.

Drinking and driving: Ireland has similar drink driving laws to the UK, only allowing 0.8 milligrams of alcohol per millilitre of blood. Don't do it. Over 0.08 per cent and you could face anything up to imprisonment.

Fuel: All grades of petrol, diesel and LPG are available as well as lead replacement petrol (LRP). It is allowed to carry petrol in a can. Credit and debit cards are widely accepted. It's a good idea to let your card issuer know you will be travelling abroad. This ensures they don't suspend your card if they spot it being used in unfamiliar places, which they sometimes do as an anti-fraud measure.

Headlamp converters: Are not required for GB cars as in Ireland you drive on the left.

GB sticker: UK registered vehicles displaying Euro-plates (circle of 12 stars above the national identifier on blue background) no longer need a GB sticker when driving in European Union countries

The typical cost is euro 1,30 to 1,90 per hour. Disk parking operates outside the central zone and in some suburbs and many cities outside Dublin. Some multi-storey car parks accept credit cards.
